

PRESS RELEASE

INNOSPEC SCHEDULES THIRD QUARTER 2006 EARNINGS RELEASE AND CONFERENCE CALL

Newark, Del – October 2, 2006 – Innospec Inc. (NASDAQ: IOSP) today announced that it will release third quarter 2006 earnings results on Wednesday, November 1, 2006 after the market close. Following the release of its results, Paul Jennings, President and Chief Executive Officer, and Ian Cleminson, Executive Vice President and Chief Financial Officer, will host an interactive conference call on Thursday, November 2, 2006 at 10:00 am ET.

The public is invited to listen to the conference call by dialing 1-800-289-0544 (US and Canada), or 913-981-5533 (international), 5 – 10 minutes prior to the start of the call. No access code is required. The presentation accompanying the conference will also be webcast simultaneously on the company's website at www.innospecinc.com.

A replay of the call will be available from 1:00 pm ET on November 2, through 11:59 pm ET on November 9, 2006. The replay can be accessed by calling 888-203-1112 (US and Canada) or 719-457-0820 (international). The access code for the replay is 5064769. A replay of the webcast can also be accessed from the company's website and will be available for 30 days following the call.

About Innospec Inc.

Innospec Inc. is an international specialty chemicals company with almost 1,000 employees in 23 countries. Innospec divides its operations into three distinct business areas: Fuel Specialties, Performance Chemicals, and Octane Additives. Together, the three businesses manufacture and supply a wide range of specialty chemicals to markets in the Americas, Europe, the Middle East, Africa and Asia-Pacific. Innospec's Fuel Specialties business specializes in manufacturing and supplying the fuel additives that help improve fuel efficiency, boost engine performance and reduce harmful emissions. Innospec's Performance Chemicals business includes a range of companies that manufacture performance chemicals used in the manufacture of such items as personal care products, household detergents, crop protection chemicals as well as in plastics and paper and in the metal plating and oil industries. Innospec's Octane Additives business is the world's only producer of tetra ethyl lead (TEL).
